

Physical Science – Week 1

**Pressure vs. Temperature**

<u>Temperature (°C)</u>	<u>Pressure (atm)</u>
60	15.0
120	30.0
180	45.0
240	60.0
300	75.0
360	90.0
420	105.0
480	120.0
540	135.0
600	150.0
660	165.0

Construct the graph and identify:

- Independent and dependent variables
- Best-fit line or curve
- Describe the relationship between the two variables
