What are some of the advantages of intelligent machines?

a. _____

b. _____

c. _____

What are some of the disadvantages of intelligent machines?

a. _____

b. _____

c. _____

Name: _____

Date: _____

How does this topic connect with the article we read on automated vehicles?

a. _____

b. _____

c. _____

For each section above, rank your list from 1 to 3 where “1” represents most important and “3” is least important.

The main point of the article entitled article title is main idea. The most beneficial aspect of this technology is most important benefit. Secondly, 2nd most important benefit supports the work of this technology. Lastly, the author also raises the important point that 3rd most important benefit.

However, there were drawbacks to this technology. Most importantly, most important drawback must be considered. Additionally, 2nd most important drawback is a negative aspect to consider. Finally, 3rd most important drawback was a failure of the technology.

This technology makes me reconsider the article on automated vehicles. Firstly, I need to consider main implication. It also makes me think about the impact of secondary implication. In conclusion, one should also consider the impact of final implication.
