**Critical Reading Template  
Final Project**

**Background Questions**

Look back at the following readings we have done:

- Fracking
- The Power of Renewables
- Squeezing Oil from the Ground
- Plugging into the Sun

1. Why is making sure there is enough energy for the world's population important? List several reasons.

---

---

---

---

---

---

---

---

2. Do I feel that continuing to look for oil and similar fuels in the ground is worthwhile?

---

---

3. If "yes" for the question #2 – Why do I feel that the renewable energy sources discussed in the articles are not a solution?

---

---

3. If "no" for the question #2, which energy source or sources do I feel are a solution?

---

---

Reason 2 piece of information:

---

---

This came from the article titled: \_\_\_\_\_

Supporting statement from article:

---

---

Second supporting statement from article:

---

---

**3<sup>rd</sup> paragraph:**

My first reason for supporting my argument is answer to reason 2 . This information comes from the article title of article by author of article . I feel this information is important because give your opinion here .

A statement that supports my reason is supporting statement . Another statement that supports my reason is second supporting statement .

---

---

---

---

---

---

---

---

---

---

---

Name: \_\_\_\_\_

Date: \_\_\_\_\_

Reason 3 piece of information:

---

---

This came from the article titled: \_\_\_\_\_

Supporting statement from article:

---

---

Second supporting statement from article:

---

---

**4<sup>th</sup> paragraph:**

My first reason for supporting my argument is answer to reason 3. This information comes from the article title of article by author of article. I feel this information is important because give your opinion here.

A statement that supports my reason is supporting statement. Another statement that supports my reason is second supporting statement.
